COUNCIL PROCEEDINGS.—The Common Council of the city of Portland met last evening at eight o'clock, his honor Mayor Boyd in the Chair.

Roll called: present—Councilmen Besser, Brock, Cree, Hallock, Norris, Ripley and Porter.

Journal of last meeting read and approved.

PETITIONS, MEMORIALS, REMONSTRANCES AND COMMUNICATIONS.

Petition was read from R. Holman and endorsed by Chief Engineer Weed, praying the City Council to pay the sum of $10 for rent of room, which has heretofore been paid by the company. Referred to the Committee on Fire and Water.

S. G. Reed and others remonstrated against the proposed change of grade on Second street. Referred to the Committee on Streets and Public Property.

R. Brotherton and others, representing 360 feet, remonstrated against the improvement of Main, from Ninth to Twelfth streets. Referred to the Committee on Streets and Public Property.

The City Surveyor made his report of the extension of Twelfth street, with the plat of the same. Referred to the Committee on Streets and Public Property.

CLAIMS.

The following bills were ordered paid: C. H. Myers, for repairs of lead pipe, $3 25; Oregon *Herald*, $35.

ORDINANCES.

An ordinance making an appropriation of $298 for printing the City Charter and ordinances, read a first and second time, rule suspended and the ordinance passed.

An ordinance declaring the cost of the improvement of First street, between A and Madison. Read first and second time; rules suspended and the ordinance passed.

An ordinance making an appropriation for constructing aprons on First street. Read first and second time; rules suspended and the ordinance passed.

RESOLUTIONS.

The Committee on Streets and Public Property offered the following resolutions, which were adopted:

A resolution to give notice of the proposed improvement of North Sixth street, from C to F.

Resolution instructing the City Surveyor to make a survey of Morrison street from the claim of Nancy Lownsdale to the line of the land claim of A. N. King.

Resolution appointing E. D. Shattuck, Levi Estes and Charles Holman viewers on the proposed extension of Main street to Twelfth.

Resolution accepting the fence erected by the O. C. R. R. Company around block 132, was referred to the Committee on Streets and Public Property.

Mayor Boyd requested the Councilmen to be punctual in attendance at the next meeting, in order to close up all the business that may be on hand unfinished by the present Council.

On motion, the Council adjourned.

PROFITS OF DAIRYING IN OREGON.—We clip the following extract from an article in the *Wallamet Farmer*, written by Mr. A. J. Dufur, of this county: "We propose to show in this article what it will cost, according to our [illegible] place, to run a dairy of thirty cows in Oregon one year, and what will be the probable result:

Interest on an investment of $1,374 for one year, at one per cent. per month	$164 88
Thirty tons of hay, at $10 per ton	300 00
Thirty tons of mill feed, at $15 per ton	450 00
Butter salt, 468 pounds, at two cents per pound	9 36
Salt for cows, 500 pounds, one and a half cents	7 50
Pasturage for 30 cows, eight months, at $1 50 each per month	360 00
Probable tax on cows about	12 00
One hand, by the year, at $1 per day	365 00
One hand eight months, at $30 per month	240 00
Total	$1,908 74

The above is the expense, all told, for one year, which deducted from $2,550 income for butter, calves, milk, etc., as shown in our previous number, leaves a net profit of $641 26, or a fraction over 46⅔ per cent. on our first investment of $1,374."

REPUBLICAN PRIMARIES.—The Republicans of this city held their primary meetings last evening for the election of delegates to the City Convention, with the following result:

1st Ward—Delegates: C. Bills, William Dierdoff, W. [illegible], W. R. Sewall, B. O'Hara, L. P. W. Quimby, George Herrall.

C. Bills was nominated by acclamation for Councilman.

2d Ward—Delegates: H. W. Scott, W. H. Watkins, W. H. Harris, J. W. Cook, J. J. Hoffman, J. P. Farmer and W. W. Nelson.

On motion, the delegates were directed to nominate a [illegible] for the 2d Ward.

3d Ward—Delegates: J. M. Ritchie, W. Lair Hill, Jno. [illegible] Bachtel, [illegible] Drake, J. M. Strowbridge, J. L. [illegible], E. D. Shattuck.

Mr. D. C. Lewis was nominated for Councilman.

UP THE COLUMBIA.—From the Walla Walla *Union* we learn that water is beginning to fall in the Moose Creek [illegible]. Preparations are already being made to bring in a ditch without which they will not have more than half [illegible]. Scarcity of water is a general complaint in all [illegible] camps this season. A good mining country re[illegible] pretty severe winters.

Gen. Crook and Dr. Ghiselin passed through Walla Walla on the 11th, on a tour of inspection.

Warren's diggings are badly off for placer paying [illegible] though they have some good paying ledges of [illegible] and two mills running. A discovery has recently been made in what is called Jaw Bone Flat, near Lewiston, but requires a ditch at a cost of about $15,000 to be [illegible] fully worked. The probability is the ditch will be [illegible].

[illegible] OREGON.—The Walla Walla *Union* of the 12th says: We learn from Mr. Fohs, just from La Grande, that the crops of the southern end of the valley are suffering severely from drought and squirrels. All efforts, [illegible] the free use of strychnine, seem powerless to keep down the little nimble feet.

We learn also with regret that the barn of our old friend Roderick McKinzil, near Summerville, a fine large [illegible] one, with all its contents, was burned to the ground on Saturday, the 29th of May. Mr McKinzil and his wife were absent at the time of the occurrence, and have no idea how the fire originated. The loss will probably reach $800, and falls heavily upon the owner who [illegible] well settled, in easy circumstances, with a comfortable home.

[illegible] COURT—UPTON JUDGE.—The following were the proceedings in this court yesterday

Francis Terman vs. Polly Ann Terman; suit for divorce; default of defendant entered.

Annie M. Staffer vs. Lewis Staffer; suit for divorce; default of defendant entered.

State of Oregon vs. Henry Jones; Grand Jury ignored bill and defendant was discharged.

State of Oregon vs. Jack Buchard; Grand Jury returned a bill of indictment against defendant, of murder in the 2d degree, in the killing of Chas. Nealy.

[illegible] Hopkins and Charles Benitau were excused from further service upon the jury panel.

Elfelt, Weil & Co. vs. H. H. Snow et. al.; argued and submitted to the jury.

PERHAPS UNDER A MISAPPREHENSION.—During the empanneling of the jury in the case of Elfelt, Weil & Co. vs. H. H. Snow, on Tuesday, ten jurymen were summoned who were not upon the original panel. Several of them were not taken upon that jury and yesterday four of them failed to make their appearance. They are probably under the impression that they were summoned only for that particular case, and that their further attendance is not expected. In this, however, they are mistaken, as all the jurymen on that day were called upon a venire to fill the panel. An appearance at the court this morning, with a proper explanation of their absence [illegible], may save them from a fine for contempt of court.

THANKS.—The Rector of Trinity Church, together with the Pastors and Superintendents of the Sunday Schools of St. Paul's Church, Oregon City, St. John's, Milwaukee, and St. Stephen's Chapel, Portland, desire publicly to express their thanks to the "People's Transportation Company" for the free use of the steamboat *Senator*, on Saturday last, in conveying the members of the various [illegible] above named, to and from the Picnic Grounds. They take great pleasure also in acknowledging the uniform courtesy and kindness of the officers of the [illegible] on that occasion.

CHINAMAN FOUND DEAD.—A Chinaman was found dead on [illegible] street yesterday morning, near Sherlock & Bacon's livery stable. He was discovered just about daybreak, lying on his face just off the sidewalk. The body yet had some warmth, showing that he had been but a short time dead. No one knows how he came to be there, or what was the cause of death, though the indications were that he died in a fit. There were no marks of violence. The body was taken to Brelsford & Ewry's undertaking house, by order of Ye Loung, who will attend to the burial.

COMING TO OUR CELEBRATION.—We hear of acceptances in various surrounding towns, of the invitations to attend our celebration on the 4th. The Vancouver Fire Department will be here, with one or more of their engines [illegible] by delegations from all the companies. We hear that it is probable the firemen of Oregon City will also be here. It is stated that the Philharmonic Society of Astoria has accepted the invitation to attend and sing with the Portland Philharmonic Society.

LARGE CALVES.—As an evidence that it won't pay to raise cattle in this country, we may mention that Mr. J. T. Scott yesterday brought into this city from Washington county, two sucking calves which he sold for [illegible]. One was born on the 1st and the other the 4th of February; one weighed 148 lbs. and the other 152 lbs. We should say there ought to be in those figures a margin for profits.

At the request of the Ladies of the "Relief Society" Dr. Watkins has kindly granted his gratuitous services to the poor of Portland for three months, when recommended to him by any member of said Society.

FROM SAN FRANCISCO.—The bark *Live Yankee* sailed last Saturday from San Francisco, for Portland.

REFRESHMENTS ON THE 5TH.—The ladies of the M. E. Church are preparing to serve refreshments in the auditorium of the new church, on the 5th of July. They will have substantial food with tea and coffee for the hungry, and ice cream, strawberries, etc., etc., for those who want refreshments merely for tone or glory. The place will be kept open during the day and evening. Proceeds to be used for completing the church.

A HANDFULL OF SHORT WOOL.—When, some time ago we published a short article on Cotswold sheep and combing wools, we expected to hear from Bro. Minto, of the *Farmer*, from a short wool stand point; but we supposed he would dispose of the whole question at *one* shearing. Instead of that, however, we find, by the last issue of his paper that Bro. Minto is still hanging on to the Merinos with both hands full of short wool.

HOTEL CHANGES.—The Western and the Cosmopolitan have again undergone changes in proprietorship. Messrs. Sewall and Sprenger have sold out their interests in the Western and will hereafter conduct the Cosmopolitan, Major Cook will manage the Western, alone. They are both good hotels, and each has experienced and popular conductors.

PORTLAND LIBRARY.—The following new books have just been added to the Portland Library: Forty-four Years of the Life of a Hunter; The Gold Hunter's Adventures, Old Deccan Days; Great Facts; Memoir of Mary L. Ware; Hazlitt's Works; Layard's Nineveh and Babylon; Eighteen Christian Centuries; Castle Wafer; History of the United States of America, by Patton.

INVITATION UNAVOIDABLY DECLINED.—Hon. J. H. Mitchell has received an invitation to deliver an oration on the 4th of July at Roseburg. Having already accepted the invitation to go to Olympia, on that occasion, he is of course unable to comply with the wishes of his friends at Roseburg.

RECOVERING BUT SLOWLY.—Mrs. A. Miller, who was thrown off the bridge at East Portland about two months ago, by a collision of carriages while returning from a funeral, has so far recovered as to be able to go about on crutches, but her physicians say it will be a long time before she will be entirely well.

SALE OF FURNITURE.—Mr. Richardson, auctioneer, will sell to-day a lot of household furniture, at the corner of Montgomery and Third streets—the late residence of Mr. A. Harker. See advertisement for mention of articles to be sold. Sale at 10 o'clock A. M.

ENTERED UPON HIS OFFICE.—Dr. Bowlby, the new Collector of Internal Revenue for the District of Oregon, took possession of his office Tuesday. Mr. Geo. H. Belden is deputy and clerk.

THE COMING STEAMER.—The steamship *Pacific* will sail from San Francisco for Portland this morning at ten o'clock. She may be expected by Sunday evening.

DECLINES.—Mr. Shubrick Norris, nominated Tuesday evening at the Democratic Convention, for Councilman of 2d Ward, declines to be a candidate.

UNITED STATES COURTS.—The U. S. District Court stands adjourned till Friday, the U. S. Circuit Court till Monday, the 21st.

The Philadelphia *Press* mildly comments upon the lack of enterprise in the city of brotherly love as folows. "A Philadelphian has invented a self-propelling city railroad car, which will probably be first used in Chicago or New York."

"LIFE SAVINGS AND LOAN BANK."—The people of the city patronize the OREGON DISPENSARY in order to save money and procure a loan of longer life by using our FRESH, PURE and RELIABLE remedies, which are daily dispensed and preferred by the MOST RESPECTABLE and TALENTED PHYSICIANS in this city. Everybody takes a pull in patronizing our Store and thereby obtain DIVIDENDS by purchasing not only their medicines but also their toilet articles and other *retas*, too numerous to mention. People say it is a pleasure to get sick and be cured at the Oregon Dispensary.

The best and most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most upright and judicious management."

"By the Stock plan, the full cash effect of the Premium is immediately secured to the Insured, the Company taking ALL the risk. By the Mutual plan, the full value in Insurance of the Premium paid, is not secured to the Policy-holder, who takes a portion of the risk himself."

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.
Each package bears the signature of G. VENARD.

THURSDAY MORNING, JUNE 17, 1869.

The Workingmen's Movements.

The New York *Times* of June 3d has an admirable article on the "labor question," which is now agitated so much by visionaries and demagogues. It is high time, as that paper observes, that our laboring men who are so concerned about what is due to them from others should begin to consider what is due to themselves. All this lamentation and complaint about their condition is unworthy of them. They are not the poor unfortu[illegible] [illegible]gues would make them out to be. Their round day's work is not the peculiar hardship they represent. In some shape, it is the lot of all men who deserve to be called men, of all human beings who are not content to be mere drones, sluggards and loafers, pests and burdens to society, instead of a benefit. And nowhere is this lot more inevitable than in this free young Republic of ours, with its magnificent destinies yet to be worked out. Nowhere is the attempt to shirk that lot more discreditable. Complaint from American freemen of labor as a misfortune! Why, the only unfortunates are those who *cannot* labor, not those who do and can. The stalwart sinewy men who make up those meetings are the last objects for pity in the world. It is an abuse of language for such Americans to even style themselves poor. Men with sound minds and sound arms are not poor. Real poverty in this land is to be found only in orphan infancy, languishing sickness or decrepid age, or other conditions which make labor impossible. The mere lack of the superfluities of the rich does not make a man poor, for every element of true well-being and happiness may, and usually does, lie outside of these.

The superior condition of the American laborer is abundantly shown by the undisputed fact that no other laborer in the world gets anything like such wages, and that laborers everywhere else seek America as a land of *comparative* ease and plenty. You seldom or never hear an American workman complaining of his hard lot without [illegible]ing in him a bad specimen. He is almost sure to be one who has made hi[illegible] unhappy by his own misconduct, one who has sought success where success is n[illegible] found in any vocation—somewhere else than in his own persevering industry, sobriety and frugality. The only positive result of all this workingmen's [illegible] is just the same positive evil. It [illegible] the younger and less experienced portion of the laboring cla[illegible] [illegible]ps the manly, independent, self-controlling spirit which should animate them, [illegible]ties and [illegible]tles them, makes them ever ready to curse their fate for trials which belong to every human condition, and ever prone to look away from themselves for relief. It is this which [illegible]bly shapes so many of [illegible] into mere tools for demagogues, [illegible] all kinds of selfish schemers. The [illegible] American [illegible] have thought of de[illegible] as of ignoring the [illegible] whose price, [illegible] commodity, must [illegible] to the relation of supply to [illegible].

[illegible] Result in Washington Territory.

[illegible] very [illegible] of the [illegible] in Washington Territory. Stevens, the last county to be [illegible] is reported as giving two majority for Moore. The following table of [illegible] will be found, we think, almost [illegible] correct:

[illegible]	87	Island	11
Cowlitz	19	Mason	34
[illegible]	26	Pierce	20
[illegible]	21	Skamania	55
J[illegible]	101	Stevens	2
[illegible]	9	Wh[illegible]	26
[illegible]	[illegible]	Walla Walla	356
[illegible]	41	Yak	24

[illegible]	44		530
[illegible]	4

[illegible]	6

Garfielde's majority so far, 154.

This majority is more likely to be in[illegible]d slightly than diminished. The result is really the most [illegible] and splendid victory ever gained by the Republican party in the Territory. Under the circumstances it is [illegible]. It establishes the personal popularity of Mr. Garfielde, and proves that Republican measures and principles, when pre[illegible] fairly to the people, are able not only to hold their own, but are growing [illegible] in popular favor. In the last election the Republican majority in the Territory was but [illegible], and even this majority was gained by reason of dissensions among the D[illegible]. But in the late election the whole Democratic party was thoroughly [illegible] and worked with sleepless energy for victory. They nominated their best and strongest man and every leader of the party in the Territory supported him. They had the [illegible] of most of the Federal officials and of a number of disappointed Republican politicians, yet the Republican majority is nearly doubled as compared with that of 1867. We commend these facts to our enthusiastic neighbor of the *Herald*, and suggest that it might be well for him to give another crushing article on the "Joabites" of Washington Territory.

In General.

Gov. Moore, of Ohio, is reported to be about ready to pack his carpet bag and leave Washington Territory. As the Territory has no need of him he has no further need of the Territory.

According to the *Courier*, A. H. Stephens has written a letter "in which he says secession is played out." It is kind in the "Vice President" to make this announcement, and we hope other papers of the party will follow the example of the *Courier* and proclaim it to the Democracy everywhere.

The Walla Walla *Union* says: The vote of this precinct was much too large on Monday last, and the Democratic majority correspondingly so. That votes were imported from Umatilla county, there is no manner of doubt, as it, should it by any possibility become necessary, could be proven and satisfactorily established. We are not complaining of the Democracy for following their natural instincts, but merely cautioning the Republicans, that in the future they may better guard the passes and the polls.

The other day we remarked that the negroes of Washington City had not yet acted so badly as the Democracy of New York. This remark the *Herald* calls "an attack on foreigners." Now we did not say a word about foreigners. The *Herald* is the paper which has suggested this unpleasant comparison between foreigners and negroes. We spoke of the Democracy of New York without reference to nativity. It may be that paper's style to introduce invidious comparisons between races so as to create prejudice for partisan purposes; but this style isn't ours.

A Kentucky Confederate Oration.

A monument to the memory of the Confederate dead was dedicated at Battle Grove Cemetery, Cynthiana, Kentucky, on the 27th May. No Confederate dead yet rest in the cemetery, but the monument was dedicated nevertheless, and bears on its apex, carved in marble, the rebel "stars and bars." The Democracy of Kentucky accords Cynthiana particular honor, inasmuch as it was over its court house that the first secession flag was raised in Kentucky, and Harrison county, in which Cynthiana is situated, claims the honor of having raised the very first Confederate company for the rebel service. The orator of the day was Col W. C. P. Breckinridge, an officer in the late rebel army, and among his other remarks we find the following:

We were recreant to every manly, truthful and lofty quality of our natures, did we fail to do honor to the country under whose flag we fought, to the cause for which our comrades died, to the comrades who died at our side. Never had soldiers more beautiful country nor more righteous cause for which to die! Never had cause and country more heroic and devoted soldiers. [Applause.] Few countries were so favored as were the fifteen Southern States of the American Republic—those forming "the South"—in the year 1860. The lapse of years had brought new issues and created new interests. Side by side had grown with unequal speed two civilizations, and the time came when submission or separation were the alternatives—separation from unfriendly sisters, and withdrawal from a broken and despised compact, to which she had been faithful.

Let us never forget—let us never allow it to be forgotten—that before any ordinance of secession, prior to any act of resistance, the South was deliberately, fiercely, insultingly thrust from share in the Government which, with threats and maledictions, was seized to be used against her interests, her property and her honor. [Cheers.] I am not here to-day to apologize, defend or justify; this is not the occasion, nor this the time for assault or defense. But the South went into war from no vain desire for empire, no paltry yearning for power, no miserable itching for office. It is absurd to attribute such an uprising and such a struggle to so low and contemptible a motive. The effort to succeed was in exact proportion to the object to be won by success. Independence, national, State, and personal, was a prize worthy the sacrifice of every true heart, and every true heart did offer its sacrifice. May my tongue cleave to the roof of my mouth and my right arm wither in its socket, may she I love and the children born to us turn from my embrace in scorn, when I acknowledge that the cause was not worthy of the people, not worthy of the untold sufferings, the countless hardships, the priceless lives given to it. Dead though it be—forever lost—I loved it with the unutterable fervor of my heart, giving the best years of my life to its service. I will not disown or repent the service. Mark him well who would do otherwise, and trust him not. [Loud applause.]

War came, and four years of battle and endurance, and sorrow were the price we paid for defeat. I have not the power to describe those years, nor need I. Around me are men that heard the clash at Manassas, and surrendered honored arms after Appomattox. Armless sleeves and honorable scars attest their valor. Aged men are here to-day who served in Camp Chase or Fort Layfayette, and gave their pride and support—the stalwart darlings of their hearts—to this crushing war. And in the throng of women whose presence here is but an outward evidence of the unspeakable devotion that forms the tenderest page of the history of those four years, each one had personal knowledge of the terror of those eternal years. Terrible history, as yet unwritten, who can recount its outrages and crimes; glorious history, full of heroism and devotion; sad history, for all ended in failure. No word of denunciation is appropriate to-day. Let us leave to history the epithets that must be written opposite the name of him who devastated the Valley of the Shenandoah; of whose track in Georgia and the Carolinas was marked by solitary chimneys, sentries over destroyed homes and desolate fields, monuments alike of the ruin and the shame of him who ruled Kentucky with a cruel hand, and filled her houses with mourning—all, all—let them go before the tribunal of prosperity, and meet her victims face to face before the higher tribunal of God.

OREGON.

Company "K," 23d Infantry, has arrived at Fort Klamath.

Dr. F. Grube died at Jacksonville on the 10th inst., after an illness of four days.

A Chineman near Jacksonville took out last week a solid nugget of gold worth $200.

The La Grande *Sentinel* notices the arrival of eight immigrant wagons with families, from Montana.

Next Saturday a meeting will be held at Dallas for the purpose of permanently organizing a County Agricultural and Mechanical Society.

The *Unionist* of Tuesday says: The will of Hon. J. W. Perit Huntington was proven and admitted to probate yesterday. Mr. R. P. Earhart was appointed by the Court administrator of the estate.

The *Courier states that the Baptist Association* met in McMinnville church on Thursday before the second Sabbath of June, 1869. Between 60 and 70 delegates were present. Two new churches have been added. The proceedings were harmonious. The session did not close until Sunday.

Says the Jacksonville *Sentinel*, The bids for flour, bacon and beef were opened at Fort Klamath on Monday. The flour contract was awarded to Jacob Ish, at $3 74 per 100 pounds. Hams to same at $16 48 per 100 lbs. Bacon to Glenn, Drum & Co., at $16 48 per 100 lbs., and beef to George Nourse, at 10½ cts. per pound—all at coin rates.

A Salem paper says: Hon. S. F. Chadwick is now in town for a few days. He says arrangements have been perfected with Prof. John Veatch by which a thorough geological survey of the Bohemia mining district will be made within the next two weeks. Mr. Chadwick is quite as sanguine as he ever was that he has good mines in the Bohemia district.

From the Jacksonville *Sentinel*: We hear that a man named Oliver Evans, living a short distance above Ashland, took his shot gun last Monday morning and struck out for the mountains, since which time nothing has been heard of him. He is in easy circumstances, is a widower, and has two small children. It is thought he must have wandered off in an insane condition.

A. W. Patterson, N. L. Packard, A. S. Patterson, Wm. Smith and John Kersey, are the incorporators, with a capital stock of $25,000, in shares of $250 each. The articles of incorporation were filed with the Secretary of State on the 10th inst. *The object of the company is to bring* water into Eugene City from the head of McVey Slough, near the junction of the Coast and Middle Forks of the Willamette river. The length of the ditch will be about three miles. The water will be used for manufacturing, irrigating and city purposes. We think it would be a fine thing both for capitalists and the citizens, says the *Unionist*, if some company would bring water into Salem.

WHY THE POOR DO NOT GO TO CHURCH.—Very serious complaints are lodged against the poor because of their seeming unwillingness to attend church, and yet this is easily accounted for. We wish to say in kindness what is true, that the poor man despises the invidiousness and caste that faces him in our fine churches. No longer ago than last summer, the President elect of the United States, while spending a Sabbath in Chicago, walked out in the morning, unattended, to find a place of worship. He happened to drop in among the followers of John Wesley, and as he was very plainly clad, the usher in attendance took pains to seat the great captain among the plebians near the door. Great was the grief and mortification of the usher on learning that he had thus rudely received an "angel unawares." A council was at once called, but it was deemed best not to attempt rectifying the mistake. This simple fact we received from the pastor, and although of no great moment, it is nevertheless significant, as indicating the course commonly pursued, of making an attempt to draw dividing lines between high and low in the churches. And herein lies the trouble in question.—*American Builder.*

LAST NIGHT'S DISPATCHES.

The Peace Jubilee.

BOSTON, June 16.—The National Peace Jubilee was inaugurated this afternoon. The programme was exactly carried out. Rev. E. E. Hale asked Divine blessing. Mayor Shurtleff delivered the welcoming address. The Hon. A. H. Rice pronounced the oration. Admiral Farragut, Commodore Rogers, and many other distinguished people were present. The chorus and instrumental performances numbered from ten to twelve thousand persons. The audience was probably 25,000, notwithstanding a heavy shower. The view from the balcony was beyond description. Nothing like it was ever seen on this continent. The opening chorus was by 10,000 voices, an orchestra of 1,100 instruments and the grand organ, under the direction of Professor Gilmore. The vocalization was distinct and clear in enunciation as a church choir. Parepa Rosa and Ole Bull were among the performers. They were greeted by simultaneous applause from the audience and performers. The "Anvil Chorus" given by the whole force, with one hundred anvils and artillery accompaniments, created an intense enthusiasm. The audience demanded a repetition. The national air, "My country, 'tis of thee," was the last piece. It was sung by the whole chorus, with all the accompaniments, including the organ, full orchestra, big drum, chimes and artillery, and was the crowning success of the day. The audience stood on the seats, shouted and made an extraordinary demonstration. The last piece was repeated by the whole mass again. At the conclusion there were repeated cheers from the audience and the performers. The building was soon vacated and every person was loud in praise of the success of the inaugural day of jubilee.

Railroad Fares Reduced.

CHICAGO, June 16.—The rates for freight and passage to California has been much reduced. Passage tickets from Chicago to San Francisco are now sold for $158 35, currency. Intermediate points at the same rates.

ROCHESTER, June 16.—The Chief Engineer and several firemen were injured to-day by an explosion of benzine at a slight fire.

New England Items.

CONCORD, N. H., June 16.—A Legislative Committee has invited Gen. Grant to visit Concord. The Legislature voted to attend the Peace Jubilee to-morrow in a body.

BOSTON, June 16.—The Collisenm was fully lighted last night, presenting a brilliant appearance. During the evening a rehearsal of the Anvil Chorus was conducted by Gilmore. The performances indicated a marked proficiency. The grand rehearsal of *to-day's* programme commenced at 11 o'clock, nearly the whole orchestra being present. The overtures were correctly and harmoniously rendered. Solos were sung by Mme. Parepa Rosa. The grand chorus was most effectually rendered. The other part of the programme was equally well performed.

New York Items.

NEW YORK, June 16.—General Dix arrived last night.

Another Cuban expedition of 200 men will leave leave soon.

Miscellaneous.

ATLANTA, June 16.—The Supreme Court of Georgia to-day rendered a decision that a negro is eligible to office, Judge McCoy in favor, Judge Waner dissenting.

NEW YORK, June 16.—The base ball match at Williamsburg, between the Cincinnatis and the Mutuals club was won by the Cincinnatis. Score, 4 to 2. It was the best played match ever seen. The Mutuals made nothing in the seven first innings, and one each in the 8th and ninth. The Cincinnatis, one each in the 1st and 2d, and two each in the 9th.

PHILADELPHIA, June 16.—Over fifty Commanderies participated in the parade of Knight Templars to-day, from fifteen States. An interesting proceeding took place at Horticultural Hall.

Details of a Prize Fight.

CHICAGO, June 16.—The following is an account of a prize fight between Tom Allen and Mike McCoole, at Foster's Island, twenty-five miles below St. Louis, to-day, omitting all premises. Val. McKinney was chosen referee. Allen's appearance was much the best. McCoole is fat and showed unskillful training. After entering the ring, McCoole offered to bet Allen $25,000, but Allen declined, having no money at hand.

First round—The *men approached each other* with caution, but with confidence. A few exchanges and then hasty hitting at close quarters. Finally McCoole planted a heavy blow near Allen's "I," knocking him down. First knock down and first blood claimed for McCoole, though blood appeared on both faces.

Second round—Terrific blows in rapid succession on each other's faces, resulting finally in favor of McCoole.

Third round—The men eyed each other ferociously. After a few blows they clinched and fell. The struggle caused intense excitement. McCoole's friends realized that the giant had met a man worthy of his steel.

Fourth round—McCoole came to the scratch with face bleeding furiously from a terrible gash under the right eye. Allen fought cautiously, evidently husbanding his strength. McCoole got in a heavy blow on Allen's ribs. The latter went down to avoid another. The wildest excitement now began to prevail, as this seemed to change the prospect of the fight.

Fifth round—Heavy throughout; desperate exchanges, during which Tom administered two or three terrific blows on Mike's face, which seemed to be a mass of blood from forehead to chin. He had terrible gashes under both eyes and his face was terribly disfigured. The combatants clinched after a desperate struggle and went down together near the ropes. The round decided in favor of Allen.

Sixth round—Heavy hitting. Allen, who seemed freshest of the two, looked very complacent, throwing round his opponent with ease. After some hard hitting the round was in Allen's favor.

Seventh round—McCoole presented a forlorn appearance. He was not very rapid in responding to time. Allen looked fresh and cheerful. After some exchanges of not a very satisfactory character to McCoole, Allen decided to go to *grass in order to escape another terrific blow from* the giant's sledge hammer.

Eighth round—The backers of McCoole urged him to make short work of his opponent; but in vain, for the prestige of the giant is being rapidly demolished before the superior skill and tactics of his antagonist. Mike struck out wildly with his right, but missed his mark, his opponent lighting on his pate to trap with terrible effect. McCoole received a terrible punishment in this round. It became evident that the fight would come to a speedy termination, the giant being knocked partly off his pins, which terminated the round.

Ninth and last round—Both men responding to call, the excitement was intense. The referee could not be heard. The combatants approached each other and engaged in terribly close quarters for a few seconds, then clinched and rolled over side by side in close conflict, both hugging mother earth. Allen placed his hands in the eyes of McCoole, gouging desperately, when the cry of foul was raised from McCoole's corner. The ropes were cut and the wildest excitement prevailed for a few minutes, but the crowd soon after dispersed to the boat. The referee was afraid to give a decision and several pistols were pointed at his head, but he refused to decide the matter. Allen out fought McCoole all the way through and to all appearances would have won the fight if allowed to proceed. McCoole was much blown and badly punished, and really whipped. The fight lasted about twenty minutes. The boat has not yet reached St. Louis. Nothing further could be learned at present.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, June 16.—M. O'Brien, a plumber, while engaged upon a new building on Bush street this morning, fell a distance of twenty-five feet, *striking* on his head, and it is feared is fatally injured.

Jno. Burgester, a Mexican negro, was drugged, robbed and stripped in a deadfall on Vallejo street last night and turned into the street, where he was found insensible by the police.

The Democratic County Committee met last night and limited the authority of delegates to the nomination of two candidates for Supreme Judges and the election of a State Central Committee.

LONDON, June 15.—The *Times* on last night's debate in the House of Lords says: The speeches of Lord Stratford Radcliffe and the Archbishop of Canterbury leave no doubt as to the result of the bill. While they dislike it, or are unable to persuade themselves that it will have a beneficial effect, they advise the House to give its assent. This is practical good sense and patriotism. These speeches contrast strongly with the tone of Bright's hasty effusion.

The *Telegraph* says: After the first night's debate on the Irish Church bill the issue cannot be doubtful.

The *Star* thinks that since the speech of the Archbishop of Canterbury everything appears favorable to the passage of the bill.

NEVADA.

HAMILTON, WHITE PINE, June 16.—A serious shooting affray took place this evening at the corner of Main and Drum streets, resulting in the wounding of a Mr. Cullen, from a shot fired by a man whose name has not yet been ascertained, but who is in the custody of the police. Cullen is undoubtedly fatally injured. Women are said to have been the cause of the difficulty.

FROM THE NORTH.

VICTORIA, June 16.—Hon. Horace Douglass Lascelles, of the Royal Navy, died yesterday at his residence in Esquimalt, of dropsy. Deceased is the brother of Earl Harold. His remains will be interred in the naval cemetery at Esquimalt.

Spiritualists' Grove Meeting.—There will be held a three days meeting of the Spiritualists at Eli Cooley's Grove, "Travelers' Home," near Belpassi; on the road from Salem to Oregon City, commencing on Friday, June 18, 1869. All Mediums, Trance Speakers, Lecturers, Spiritualists and the public are invited to attend.
MANY SPIRITUALISTS.

THE COMPETITION.—Yesterday a well contested trial came off between the two latest improvements of labor saving washing processes, Kane's Condensed Soap and the Automatic Clothes Boiler. It was adjudged that the Condensed Soap did its work quicker, better and with less labor than clothes washed by the Boiler. By the Condensed Soap process no rubbing on a wash-board or on the hands is necessary to take dirt from clothes, as was satisfactorily demonstrated yesterday and the day before. Mr. Kane has a good Soap, and while we hope that he may realize handsomely upon it, we can truly say that his patrons will get the worth of their money.—*American Unionist, June 12, 1869.*

THE DAY fixed to commence work on the East Side Railroad is July 1st. By that time the Company will have sufficient Railroad Iron on the way or in Portland to complete twenty miles of road. Workmen without employment should be patient for the Company will give employment to a thousand men, at good wages, and of course KOHN & FISHEL will continue to sell the very best clothing in that time at remarkably low figures.

LUNCH.—The proprietors of the INTERNATIONAL SALOON, will hereafter serve LUNCH, morning and evening, as good as may be found in any Saloon on the Coast. Call and try it.

MARRIED:

Near Oak Point, W. T., June 1, 1869, by Rev. J. H. Allyn, Mr. Henry Jerandus, of Astoria, Oregon, and Miss Matilda Augusta Althaber, of Cowlitz county, W. T.

HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

(DISPATCHES TO THE OREGONIAN.)

DATES TO JUNE 15.

Washington News.

WASHINGTON, June 15.—The Postmaster General authorizes the statement for the information of railroad companies that under the recent reorganization of the special agents' service of the Department, no commission will be issued except to persons actually employed. The number will be limited. Commissions signed by the Postmaster General should be duly respected. Other Commissions are inoperative and void.

CHICAGO, June 15.—Major General Harney, retired from active service, is restored to the retired list. The General has completed his fiftieth year of active service.

The Navy Department has ordered the monitor *Saugus* to join the Gulf squadron around Cuba.

A *Tribune's* Washington special says the statement by Cable that Motley presented a written communication to the English Cabinet on the subject of the *Alabama* is not generally credited here in official circles. He has probably done no more than say personally to Lord Clarendon that our Government is ready to respond at any time in a friendly spirit to any overtures the British Government may make for a settlement. If the question is renewed, there is reason to believe that Motley is instructed not to press the matter, but allow England to take the initiative in opening negotiations.

South America.

WASHINGTON, June 15.—Letters from Rio to April 24th and Buenos Ayres to April 14th, state that nothing had been heard directly from Minister McMahon since his landing in the headquarters of Lopez, December 12th. The Brazilian Government have made every effort to forward his dispatches from the State Department, but unsuccessfully, as Lopez refused to receive flags of truce and has shot several flag bearers. Commander Kirkland, of the *Wasp*, and Chilean Consul in Paraguay, state that they believe McMahon is a prisoner. Three sisters of McMahon, who remained at Buenos Ayres, have become alarmed and have written to the State Department asking intervention. Dispatches for McMahon have been returned to commander Kirkland by the Brazilian commander-in-chief. The flagship *Guerriere*, Admiral Davis, on the 14th of April was at Buenos Ayres about to sail for the United States. Admiral Lyman had been ordered to relieve Davis and is fitting out the flagship *Lancaster* at Norfolk. His chief of staff will be commander Johnson. Fleet Surgeon Duval has been courtmartialed on charges preferred by Admiral Davis at the river La Plata and has been acquitted.

New York Dispatches.

NEW YORK, June 15.—In a suit for damages against the owners of the emigrant ship *James Foster*, before Judge Gross, in the Maine court, it was decided yesterday that the defendants could not delay the case in order to obtain the evidence of a British passenger inspector at Liverpool.

The Common Council yesterday adopted a resolution appropriating $30,000 for the celebration of the 4th of July in New York.

The agents of the different steam lines expect about six thousand emigrants this week. The agents of the Southern emigration companies have several hundred engaged to settle on lands in the South.

At the monthly meeting of the Association for the Advancement of Science, in the Arts Institute, a new bathometer with which it is claimed accurate soundings at any depth in the ocean may be taken, was exhibited and explained.

The following news by mail from Spanish sources at Manzanillo, is to May 20th: The insurrection in this vicinity is defunct. Small columns are operating but find no enemy to fight.

CHICAGO, June 15.—A New York special to the *Tribune* says the coal dealers report that the strike in the Lehigh and Schuylkill region is nearly ended. The scale of prices demanded by the miners was conceded with but a very few exceptions.

Omaha Dispatch.

OMAHA, June 15.—Ex-Secretary Seward and party left for San Francisco this evening. Their intention is to stop at various points of interest in the mountains and at Salt Lake.

Two men were killed by the advance guard of a body of Indians, supposed to be Sioux, on Platte river, 150 miles west from here.

A steamer from Fort Benton reports Indians fighting among themselves and killing whites wherever found alone, but making no demonstration against the boats or forts.

A Hays City dispatch received to-day says the Indians are robbing and killing the settlers near Minneapolis, forty miles west of Saline.

Capt. Wier and forty men left Fort Hays this morning, for Camp Supply, with all the Indian prisoners at Fort Hays, which it is said they will distribute among their respective tribes, possibly with the object to try and make peace with the tribes now on the war path.

More Indian Atrocities.

LEAVENWORTH, June 15.—A special from Ellsworth says the Indians are again at their murder work about thirty-five miles north of Solomon City. Twenty men are reported killed. A party of men followed the Indians, but discovering that they were in large force, did not attack them. Gen. Harney arrived at Salina yesterday and left this morning for the scene. News was received from Solomon City and Salina this afternoon, asking for protection of the settlers. A force of armed men left yesterday and another to-day. Capt. Whitney leaves to-morrow for Shellman. His company are mostly settlers armed.

Miscellaneous.

HALIFAX, June 15.—The Legislature was prorogued to-day. Gov. Doyle, in his speech, said I sincerely hope our policy will lead to a removal of the evils, that the people of the colony will long continue to maintain loyalty to the Queen and attachment to British institutions.

PHILADELPHIA, June 15.—The parade of the Knights Templars to day was a splendid affair. They were reviewed at Independence Hall by the Mayor and Council. Thirteen States and New Brunswick were represented. The ceremonies at Horticultural Hall were impressive.

NEW YORK, June 15.—There is a grand ball at West Point to-night. The President left this forenoon. Gen. Sherman reviewed the cadets and presented the graduating class with diplomas.

A special from Georgia says the prompt action of the military has done much to restore order and prevent persecution of Union men.

BY ATLANTIC CABLE.

LONDON, June 14.—The Archbishop of Canterbury said the Bench of Bishops intended to do what in their consciences they considered wisest and best. On the decision of the House of Lords depends the Church, affecting the Church of Ireland and England as well as the best interests of the whole Empire. He would not agree that the blind reception or rejection of the bill was to perpetuate religious and political agitation. He was not desirous of supporting either. He believed those who urged rejection really desired to see this House powerless. He was attached to the Irish Church. He believed a blow injuring it would injure the English Church. He therefore desired to give a calm and serious consideration to the bill, to amend and make it a good measure. The earnest endeavor of the House of Peers containing the heads of the Churches and of the landed interests of the realm would be of more avail than any agitation meetings at Manchester or London.

Earl Carnarvon was unable to understand how Protestants could hand Ireland bodily over to the church of Rome. But he thought we were bound to recognize the merits of freedom from State control, which had for so long a period been a kind of slavery. He repudiated the idea that this bill would seal the fate of the English church. He did not think it an act of spoliation, as it distinguished private from corporate property. On the monetary question he argued liberality and generosity. In conclusion he advised the House not to reject the bill which the majority of the Commons had passed and demand its passage here. The majority of the House and the country commended its consideration.

The Bishop of Derry opposed the bill on the ground that it ignored the Queen's supremacy and would in the end bring the country under the dominion of a Papal legate. The House without taking action at a quarter past twelve adjourned.

Letters from Dunedin, New Zealand, April 15, give account of the massacre of three Englishmen, with their wives and families, and forty friendly natives, by the Moores and chief Hekooti, near Napier, on the east coast of New Ulster. Troops were dispatched to the settlement. On their arrival they found only the ruins of the homesteads which had been plundered and burnt. Settlers all over the country were fleeing to the towns for protection.

LONDON, June 15.—Prince Arthur has decided to make a visit to Canada, and perhaps to the United States. He will leave during the fall.

The *Times* has another article on the *Alabama* claims. It cannot be denied that the work of building the *Alabama* was done knowingly by British builders in a British port, though after the event it may have been regretted that such proceedings were allowed. It is most certain they were not unlawful, but it would have been better for both countries if Government had seized the *Alabama*. Justifiability of this step was doubtful, but refusal was an offense which England committed and which she is ready to submit to any tribunal the Americans desire.

LIVERPOOL, June 15.—Over 6,000 men, women and children left this port for New York last week.

ST. PETERSBURG, June 14.—An Imperial ukase is issued authorizing the establishment of an International Bank of Commerce, with a capital of 5,000,000 roubles. The enterprise is promoted by both Russian and foreign bankers who will take up all the shares.

BERLIN, June 14.—It is understood the Prussian government contemplates increasing the number of furloughs granted to the army next winter.

LETTER FROM IDAHO.

BOISE CITY, June 11, 1869.

EDITOR OREGONIAN:

Ere this you have had the particulars of the late tragedy that occurred in our midst and the result thereof. This is No. 4, in the same catalogue, and within a little over two years time. In May, 1867, H. B. Lane (at one time with the Potter troop, and at the time of his death Territorial Controller) was shot and instantly killed by one Louis Riley—a crazy person, no cause whatever existing for the perpetration of the deed. This is No. 1, without going into particulars. The same fall, one Litell, by way of expressing filial affection, struck his father over the head with an axe. Another lunatic, another murder, and another name added to the list of crime, caused by insanity. Last fall by way of keeping up the excitement, we had the death of Dr. Crane by the hand of his nephew. This spring we had the cap sheaf added in our list by the death of Mrs. Burmaster. During the interval, however, between Dr. Crane's death and Mrs. Burmaster's, we have the foundation for another stock. For some two months we have had a crazy woman in our midst, whose particular delight was to turn stock loose and chase children who ventured too near the suburbs of the town. At times, in fact often, she chose to wear the clothes nature gave her—whether from choice or necessity I cannot say. She had a "free run," first—she was harmless, having burned but one house, and not having succeeded in burning the town or in killing any one; second—because a *doubt* existed as to whether she belonged to Idaho City, Boise county, or whether she was a disguised Webfoot from Douglas county. A said she was from Idaho City, brought here by a shoemaker for base purposes: also that he (the shoemaker) had raised the magnificent sum of $20 in dust to get her out of Boise county, and off of that county's hands. This statement proved correct in the end. B, however, recognized her as from Douglas county, Oregon. B could not be mistaken as she had done washing for him, and a small balance was still due her. This having show of evidence on either side caused our officials to stop and think—there being no money in the case. Finally, her case was sent to the circumlocution office, but while red tape and revenue stamps were performing their parts in the *farce*, our subject left for parts unknown, and has not been heard of since. Some day a human skeleton may be found upon the plains of Boise valley, or a corpse found lodged along the banks of Snake or Boise rivers; Coroner's jury verdict: "Unknown."

These four cases of murder and one of arson, committed by lunatics, have all been perpetrated in Ada county. Who is responsible? Any one? Wait till the day in which the victim faces the perpetrator and we will get an answer. Allow me to proceed to

MURDERS

that have occurred since the spring of '63, within Idaho Territory, and perhaps we may see where some of the faults originate. From what statistics I can gather, there has been between 40 and 60 murders committed—leaving out provocations, self-defense, etc., which, indeed, are few. I am told the numbers will not fall short of forty, while the chances are it will exceed sixty. Of this number one has been hung by law (for killing a Chinaman) and one is under sentence of death at the present time. Some eight or ten of these may be in the penitentiary, but I think five or six would come nearer the mark. Some five or six have been lynched. The remainder went scot free. I am told that there are more convicts in the penitentiary for larceny than for murder. Be that as it may, there is one thing certain, that crime of the foulest kind has been winked at from time to time within Idaho. A greater number of crimes and fewer punishments, according to the ratio of population, will be hard to find within any State or Territory of the Union. Much could be said on this subject, but, for the present, we pass it by and proceed to

IDAHO LITERATURE.

There are five papers printed in the Territory—two Republican and three Democratic. Of this number, Boise City has two, Silver City, two and Idaho City one. Their size is of much significance. Three of them are printed on note paper and two on letter size—that is as near as I can come to a comparison. For the weeklies (letter size) you pay $8 per annum of 365 days. For one of the semi-weeklies you pay $12, if you can find who to pay it to. This last mentioned paper—note size—is quite eccentric, or rather valitudinarian. It is said the employes go into the office of a morning, march up to where the "forms" lay and see who they are in the employ of for that day. The other semi-weekly is more liberal—you pay but eight or ten dollars for it per annum, and it is *the* paper of Idaho. The tri-weekly is furnished to you for $15 per every twelve month. I mention these papers now expecting to refer to them hereafter in other epistles. As I said just now, the *Wave* is *the* paper of Idaho both in politics and brains. The *World* and *Avalanche* are both good newspapers—notwithstanding their politics. However, you get less paper for money in Idaho than any place in the Union. About newspapers, more anon.

OUR NEW OFFICIALS

have arrived—that is, the most important ones. David Noggle, Chief Justice, is a man of fifty odd years of age. A still, quiet citizen and very gentlemanly in appearance. His family consists of a wife and two daughters, and I believe one son—the latter is a lawyer. Judge Lewis is a man of about forty years of age, a pleasant talker, and leaves a favorable impression on those with whom he has been conversing. As to their qualifications for the offices they hold, I can say nothing. I think the people of Idaho would never regret the "slate" being broken that would have kept these gentlemen from among us had it succeeded. Perhaps you heard the "grievous lion roar," when it was certain that carpet baggers were coming among us.

ETC., ETC., ETC.

The weather is good, bad and indifferent, all three predominating. The thermometer has reached 95 in the shade. Owing to the dullness of the times I do not think it will go any higher this summer.

Crops are good, as far as heard from. I only heard from one, and that was a *good* ways off.

I said times were dull: they are, and it is no secret to the laboring man or merchant. I do not say they are all as dull as Silver City, or here, but I say—and I'll stick to it—times are dull.

In my next I will say something about taxes and policies. It is an interesting history to read of running a county government under Democratic rule. I will show you the beauties of it as applied to Idaho. After that you shall have a short dissertation on society, climate, soil, etc., in Idaho. If, in my aphorisms on taxes, I tread on any one's toes I hope they won't. C.

GENERAL NEWS ITEMS.

The small pox now raging in New York City came from Europe, and not from Panama.

Miss Annie E. Dickinson, in company with her brother, Rev. John Dickinson, formerly of California, is on her way to the Pacific coast.

There are 50 Chinese Catholics in San Francisco. Some of them speak Latin fluently and are from the Catholic seminaries of China.

Mr. Grinnell, Collector of New York, has on file seventeen thousand applications for position in the Custom House. He has given notice that no more will be received.

Darlington district South Carolina, has been newly divided into townships. Among the names given them are Lincoln, Grant, Sherman, Thomas, Butler, Colfax, Thad. Stevens and Boston.

The long-vexed question of running cars on Sunday in Newark came to a termination a few days since by a vote of the people in favor of Sunday cars. The majority was about 2,400.

The entire Board of Supervisors of a county in Iowa is in custody of the United States Marshal for refusing to levy a tax which they were ordered by the District Court of the United States to levy.

Wm. R. McCracken, formerly of the Bloomington (Ill.) *Pantagraph*, and who is believed by many to have been the writer of the Seward-Motley letters, which caused the resignation of Mr. Motley, died at his residence in Bloomington recently of consumption.

Gross, the city editor, and Beals, commercial reporter of the San Francisco *Herald*, have attached all of the material of that paper to secure the payment of back salaries. The printers of the concern refused to go to work on the 5th without pay in advance.

Secretary Boutwell is interfering with the stock gamblers with a strong hand. He has issued an order announcing that no news of the Department will be communicated until after banking hours. It will thus appear in the papers the next morning, and everybody will have a fair chance, should it be of a character to affect the markets.

Journalism in Japan.

Western civilization carries with it wherever it goes the inevitable newspaper. It is not fifteen years since the white race has been allowed to get a foothold in Japan, and already there is quite a crop of newspapers springing up in various coast towns of that mighty empire, to [illegible] and [illegible] the Europeans and Americans [illegible] there. We have received, through the courtesy of a friend, two of these journals [illegible] on the outposts of [illegible] at least of civilization, the Hiogo [illegible] and [illegible] *Herald*. These papers hail from a locality the very name of which is unknown to our people, have quite a novel flavor about them. The rival sheets are nearly of a size, and [illegible] equal signs of prosperity.

They are eight paged, printed in large type on sheets about the size of [illegible] paper. The news department is very [illegible] limited to the chronicling of the arrival and departure of vessels, a few rumors and stories from the United States, and a local item or two. The editorial department consists, in the number of the *Herald* we have seen, of a leader requesting the "public of Kobe" to come forward and [illegible] to the building of a hospital. Apparently the question of politics has not arisen among the quiet denizens of Cobe. The two papers do not seem to get up any issue at all on which to found a lively dispute. Of poetry, we have a fragment in the *Herald*, commencing with this apostrophe:

> "Sweet Kobe, lovely spot in fair [illegible]
> Who lives in thee [illegible]."

Which is patriotic if not poetic. The "trade report" of the *News* does not indicate very brisk business activity. This is it:

Imports.—There is no change of [illegible] to notice.

Exports.—In silks and teas, we do not hear of any transactions.

The "Exchange" report of the *Herald* is rather more definite, though some of the quotations are a little puzzling, as thus:

Boos; buying, —; selling, 848.
Gold Nibons, buying, 845; selling, 855.
Kinsats 140@145 per 100, rips coin.

But if business is dull, sport is brisk. The races seem to form a very [illegible] feature of Japan journalism. In both the *Herald* and the *News* lengthy programmes of "The Races" to come off on the 10th of April are published. Twelve races with Japanese ponies on a single day! The prizes are numerous: "The Kobe Plate," "The Mikado's Plate," "The Consolidation Cup," and "The Hack Stakes," figure among them, and indicate great liveliness in the racing market. The advertisements of these far-away papers are very interesting. Several foreign Consuls have made the *Herald* their official organ. The Hiogo and Osaka "[illegible] of Commerce" finds a place in the columns of the same paper. The bulk of the advertising is done, however, by the ship companies and the insurance offices. Under the "lost" column, we find only the notice of a "small black pup, with white patch on his chin." Beef is twelve cents per pound, and bread eight, which are pretty high prices. Fire proof "godowns" are offered for sale, whatever they may be. Fu Loong, from Hong Kong, wishes carpenter work. A navigation company offers to carry goods and passengers, at moderate prices, between Osaka and Hiogo, but will not be responsible for "the Act of God, Restraint of Princes or Rulers," etc. There is a gratifying sprinkling of California advertisements in these papers. San Francisco is already reaching out for the trade of Japan.—*Eastern paper.*

A LITTLE BILL OF BEAUREGARD'S.—Some time ago the accounting officers of the Treasury Department notified Gen. G. T. Beauregard, who was, at the breaking out of the war, a Major in the army and Superintendent of the West Point Military Academy, that he was charged on the books of the Treasury Department the amount of $10 30 on account of the Quartermaster's Department, and requested him to pay the same. On the 20th inst., Beauregard replied from New Orleans, inclosing his account, amounting to $165 50 for transportation from West Point to New Orleans in January and February, 1861, in obedience to orders from the War Department relieving him from duty as Superintendent of the Military Academy, and sending him back to New Orleans, his former post. Beauregard says he presented this account to the proper officer in New York, the Quartermaster being out of funds, but that it was not paid, and has not since been paid. He therefore requests the Department to deduct the amount of $10 30 from $165 50, and remit him the remainder as soon as convenient. He closes by saying his resignation from the military service of the United States was accepted February 20, 1861, and signs himself as President of the New Orleans, Jackson, and Great Northwestern Railroad Company. The question was referred to the proper legal officer of the Department, who has decided adversely to the claim for $165 50, in accordance with the joint resolution of Congress, approved March 2, 1867, to prohibit the payment by any officer of the Government to any person not known to have been opposed to the rebellion, and in favor of its suppression.

Statesman Casserly is greatly shocked at the influx of Chinese, and wants it stopped. Can our readers guess why? Here is the Senator's reason: Because they are "the most frugal, ingenious and industrious people on the face of the earth!" There is a statesmanship for you, the like of which is seldom produced even in this age of intellectual prodigies. The plain inference from the Senator's remarks is that California has no sort of use for frugality, ingenuity and industry. What she most needs to save her from ruin is prodigality, stupidity and indolence.—*Sacramento Union.*

It is rumored that John Russell Young will be sent abroad as chief of the New York *Tribune* correspondents in Europe.

The Lincoln Murderer.

A correspondent of the Cincinnati [illegible] who lately visited the region in Maryland ade famous by the flight of Booth, the assassin. He talked with a number of the resients and heard some stories, which probably ay contain important facts. He says:

An intelligent gentleman, living in the eighborhood of Dr. Mudd, told me that today facts are whispered about the country hat would have been of the gravest importnce at the trial, but the witnesses were ightened by the indiscriminate manner in hich all were alike condemned. And now, lthough he knew of certain events bearing pon the crime, if the witnesses were called pon they would either deny all knowledge r fly the country. He told me of one I think ught yet to be hunted up and evidence put n record, as interesting in a historical point f view if no other.

He told me with great hesitation and confientially, that after Booth and his young ompanion left Dr. Mudd's they wakened up lad, living in a miserable hut on the roadide, and offered him ten dollars if he would uide them to some point on the Potomac where they could find means to cross into Virginia. Any one who has seen the country nd appreciated its wild net-work of roads, an understand the demand. The lad bright nough for his own class, not knowing, of ourse the sort of work he was contracting or, readily consented; and saddling his mule, ode at the head of the assassins. The mule was one somewhat stiffened by old age and ard work, and the guide found himself rowded on by his two strange companions, and so near that he heard much of their conversation. One of the two, who complained of his leg, did not say much, but the other talked incessantly. Twice during the midnight ride they stopped, and the hurt man proposed ending the business. The other urged him on, however. Whenever their talk referred to their flight and escape, the more silent one cursed somebody for a coward and a traitor in not putting out the lights. "Had that been done, we might now be comfortably in Washington," he said several times, to which his companion replied with words of comfort and encouragement.

In this way, then, the three pushed on, climbing hills, crossing brooks, passing farm houses, hushed in sleep, until the broad Potomac was reached, and the guide received his pay and left them.

When one considers the shattered condition of Booth's leg, the indomitable will and powers of endurance shown in that midnight ride come out in bold relief. What he must have suffered in mind and body, defies common words to indicate. But one important fact leaks out in the ill-remembered and disconnected talk. I have always believed, from a careful examination of the few circumstances attending the crime that the so-called trial gave us, that the assassination, however long premeditated, was hastily planned. This is evident when we remember that Booth could not have known that Mr. Lincoln would attend the theatre until noon on the night the murder occurred.

The Surrattville matter of ropes and concealed weapons referred to a previously planned abduction that had been abandoned, and we recognize in the great crime itself, three conspirators, Booth, Payne, and one unknown. It was evidently Booth's intention to have the gas turned off on the report of the pistol, and the unknown murderer, whose duty it was to plunge the startled audience into utter darkness, failed him at the critical moment, and so brought the chief actor on the stage, for all to gaze upon and recognize.

I am inclined to the belief that John Surratt's hand was relied on to cover in darkness the crime and flight of the assassin. He lacked the [illegible] to carry out the design, and so [illegible] lacked the courage to [illegible] his poor [illegible]. He [illegible] that she was [illegible]; and he knew, however, that [illegible] to deliver [illegible] up, with a conf[illegible] of his guilt, he would have saved her.

The White Pine Reaction.—The rush of people to White [illegible] would have been ten times greater than it was had the richness of the East [illegible] mines been made known at this season of the year. The "fever," breaking out in the winter, was of great advantage to the people on this coast. Hundreds of thousands of dollars have been saved, and many lives. Everybody said, in the White Pine furor, "it is too early—the best time will be in June." But June has come, and with it the reaction. We predicted at the time of the great excitement that "the tide would turn" before the proper season arrived for going. The prediction has proved true, as we now find the "departures" greater than the "arrivals." The excitement, which seemed so irresistible, and against which no reason could prevail, has entirely subsided—died away from the only cause—people went and saw the elephant. We hear no more talk about "going to White Pine." The rebound is so great that White Pine is absolutely estimated below its real worth. Mining as well as trading at White Pine is now [illegible]. Mills are increasing, and White Pine what there is left of it, is becoming as sober as Virginia. The mines are unquestionably rich and capital invested there is sure of reaping a rich reward. The [illegible] will be a large field for legitimate labor, and the mining towns, now overbuilt, will soon put on that permanence which Virginia and Gold Hill gained by years of experience. The shortness of the Summer season, however, will always make White Pine less desirable than Virginia. It is a cold, dry country, and must always be [illegible]. In spite of every disadvantage, however, White Pine is sure to gain a large and permanent population.—*Marysville (Cal.) Appeal.*

The Petersburg *Express*, having been reroved by an exchange for being mulish in olitical matters, replies quite smartly, and oncludes with this good hit:—"The fact is, when our own notions are opposed, we are all retty much like the confederate teamster we eard during the war, laying it on vigorously vith his whip, and exclaiming to his team, d—n you; I'm some mule, too.'"

John Neal, of Elizabeth, N. J., sent to a rug store recently for some medicine for his orses, and the clerk, by mistake, put up omething which killed four horses valued at 2,400.

The Company will at any time make AN ADVANCE of Cash on its Policies as future Dividends.

No permits or extra rates required for traveling East or in Europe.

Dividends actually non-forfeitable.

Thirty days grace on the payment of all Premiums

After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premiums received, or pay the equivalent in cash

The rate at which we have been sending money East for Life Assurance will amount, with interest, to at least Ten Million Dollars by January 1, 1870. This sum, enormous as it seems, is totally eclipsed by the magnitude of the interest which the Coast is losing for want of it. For [illegible]. Its yield in the East at 6 per cent., compounded annually for ten years, is $6,952,167 27; here at 12 per cent. for four years, and 10 per cent. for six, compounded monthly, $25,690,906 62, or a difference of over eighteen millions!

With these facts in view what Company will likely pay the largest Dividend? The funds of the PACIFIC are all kept at 1 to 1½ per cent. per month.

Of this large sum it is computed that Oregon and Washington Territory have contributed about one-fourth. This involves the sending away annually, to keep up the Premiums on Policies already issued, at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If to California, it finds its way back here for our productions, a market for which we must look for there.

The applicant need not wait two or three months to know if he is accepted or rejected, but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time.

HYGEIAN HOME
WATER CURE,

637 California Street,
Opp. St. Mary's Cathedral, bet. Kearny & Dupont Sts.,
SAN FRANCISCO.

DR. BARLOW J. SMITH

WOULD RESPECTFULLY INFORM HIS FORMER patrons, and all who desire the professional services of a Hygeinic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia; and with this new experience feels more fully prepared than ever to meet all the demands that invalids may justly claim who desire to be cured by this rational form of medication.

In January last DR. SMITH purchased the extensive lot corner of Quincy and California streets, with the buildings thereon, which he has fitted up at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.

HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.

And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, especially those who have tried drugs faithfully without being restored, and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health, than elsewhere in California.

There is not one man in twenty suffering from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and Fever, Dyspepsia, Drug or Secondary Disease, Spermatorrhea or Seminal Weakness, Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchial and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation, Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhea, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Diseases common to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to keep well when they go to their mountain homes, their mines, their farms, their stores, and all this for one half what it would cost to take drugs.

Terms $20, by the single week, or $60 for four weeks, Board, Room and Treatment (in all ordinary cases).

N. B.—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness. The greatest care and neatness is observed in this respect. No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.

We have a separate Medical Department for Ladies which is attended by a thoroughly competent woman, while the private residence of DR. SMITH, which is connected with the Home, is chiefly devoted to the accommodation of ladies desiring Hygienic medical treatment.

We have for the past ten years made the treatment of female diseases a specialty, and have treated a great number of females, both in the Institute and in their private residences in this city, Sacramento and Oakland, who were suffering from Displacements, Prolapsus Uteri, Uterine Hemorrhage, Sterility, Curvatures of the Spine, Inflammations, Congestions, and ALL NERVOUS DISEASES, together with diseases common to all.

The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay, fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that can be made well and happy in from three to six weeks by thorough Hydropathic and Hygienic treatment at our Cure. From all who have come to us and been treated, we have yet to learn a single regret from Husband or Wife of the time, means or trouble they expended in HYGIENIC MEDICATION, for they not only get well, but learn how to keep well.

Terms for Ladies, $20 a week, or $100 for six weeks (Board, Room and treatment).

DR. SMITH gives FREE Lectures to his patients every Wednesday evening, and also Lectures before the Ladies' Hygienic Society the first Wednesday in each month.

HIRAM SMITH'S
Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness.

E. B. MOORE, NATHANIEL BELL,
A. D. WALLACE, G. R. WARD,
Mrs. MONTGOMERY, JOHN M. HOLLOWAY,
W. D. PORTER, ROB'T RAMSEY,
And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE, NO PAY and NO INJURY plan.

THE APPETITE FOR TOBACCO DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED, TOBACCO.

ORTON'S PREPARATION!

ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco in any person, no matter how strong the habit may be. *If it fails in any case the money will be refunded. It is safe and harmless to all cases.* It is almost impossible to break off the use of Tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation, there is not the [illegible]

[illegible] trouble. *Hundreds* have used it who are [illegible] bear witness to the fact, that Orton's Preparation completely destroys the appetite for Tobacco and leaves the person as free from any desire for it as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleansing the poison of Tobacco from the system and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*

The time taken to allay all desire for Tobacco by the use of the Preparation varies slightly in different [illegible] the *average* time being about *Five days*. Some [illegible] desire for Tobacco whatever after using the [illegible] *Two days.*

The *Health* and *Purse* of every Tobacco user in the country calls loudly, ABANDON THE USE OF TOBACCO.

RECOMMENDATIONS.

The following are a few selected from the multitude of recommendations in our possession.

We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco, and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco *quickly and permanently*, and without any bad effect upon the health, and without creating an appetite *either for the Preparation or any substitute.*

From Samuel Cessidly, Editor Journal & Argus.

PETALUMA, CALIFORNIA, Dec. 14, 1868.

For about twenty years I had used Tobacco in its various forms, and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined if possible to check myself of the habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco, I sent to Portland, Me., for a box of the medicine, which I received through the mail on the 17th of November. A month has not elapsed and yet the medicine has effectually relieved me from any yearning or desire to use Tobacco in any form. The Preparation is not more difficult or unpleasant to take than to commence chewing gum. I conscientiously believe the Preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to assist those who wish to break away from the slavish appetite for Tobacco I offer this testimonial.

SAMUEL CESSIDLY.

Beware of Counterfeits and all articles purporting to be like this, of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor or his duly authorized Agents.

The price of Orton's Preparation is $2 per box, or three boxes for $5 sent by mail to any part of the country securely sealed from observation, with postage paid on receipt of price.

How to send money by mail.—Enclose the amount in a letter seal carefully register the letter and take a receipt for it of your Postmaster. Money sent by mail as above directed at my risk. Address

A BRIEF GROWL AT DIVERS PEOPLE.—We find that an occasional growl is good for the health; at least it would seem so from the healthy appearance of many who growl at us for shortcomings sometimes fancied and sometimes real. Every day or two somebody has an attack of growling because we have omitted to say something which they would have been glad to see in print. We are not after [illegible] men now, who want puffs; but [illegible] class who manage picnics, sociables, society [illegible] of various sorts, public, semi-public and private; exhibitions, concerts, excursions, etc., etc, to the end of the [illegible]. All these people are sure to have an item for the Local before the happening of the event in [illegible] they are [illegible]. We never knew one of them to [illegible] call and politely ask us to [illegible] the affair and say a few good words; but precious few of them ever call round afterward to post us as to [illegible]. They may each expect that the Local has nothing else to do but run after it [illegible]. They are mistaken, muchly. [illegible] two or three or a half dozen of these [illegible] little events occur in the same evening. There isn't a Local reporter alive who can [illegible] around among all of them; if there is we would like to be introduced to him and to learn his style. About half of the people whose the reporter serves in advance forget all about owing him the subsequent item; the other half [illegible] they don't care anything about other people's [illegible] so long as they are happy. If we could only "spot" this latter sort of people we could keep even by letting them do their own piping. But we can't. We have to take the fish as they swim. There is another class who meet us a day or two after an item begins to get old, and [illegible] down upon us with the consoling remark, "You're a pretty Local! Why didn't you have that item about So-[illegible], or Such-a-one, or What's-his-name?" The fact is, we didn't know anything about the matter. Our [illegible] did; and might have [illegible] it, but didn't. We never know anything, except what we see, unless somebody tells us. How could we? And isn't everybody else troubled with the same [illegible]? Not to put too fine a point upon it, everybody [illegible] to tell the reporter everything they know, if they want to see it in print, or else just dry up their growling.

[illegible] COURT. UPTON, JUDGE.—A considerable part of the day yesterday, was consumed in procuring a jury in the case of Elfelt, Well & Co. vs. H. H. Frow, and the [illegible] in hearing testimony. The case will hardly [illegible] before this evening.

Wm. G. [illegible] vs O. C. railroad company et al.; order on defendant to appear on Saturday, 19th inst., and show cause why an injunction should not be allowed [illegible] from enforcing a certain judgment.

[illegible] & Porter vs M. J. Owen et al.; judgment for [illegible]1.70, and decree of foreclosure of lien, on [illegible] in block 15, Couch's Addition.

[illegible] & Rees vs W. H. Meeting; judgment for [illegible] by default for $465.

Wm. W[illegible] vs A. L. [illegible]; judgment for [illegible] for $500 gold coin, and foreclosure of mortgage on lots 1, 2, 7 and 8 in block 164.

H. Walker vs John A. M[illegible]; confirmation of sale of 160 acres of land, in Multnomah county, to D. H. [illegible] for $275 in gold coin.

D. Lee [illegible] vs S. A. Miles et al.; confirmation of sale of certain property in St. Helens, Columbia county.

Geo. H[illegible] vs Martha Comfort; foreclosure of chattel mortgage, and [illegible], gold coin, for [illegible].

[illegible] Tucker vs D. Tucker; [illegible] of de[illegible].

[illegible] the O. S. N. P. T. Co's [illegible] the Oriflamme, sailed at 4 o'clock last evening, for San Francisco, with the following [illegible]: [illegible] and wife, Mrs Schultz, Mrs Pomeroy, [illegible] Rev W [illegible] and wife, Miss Eliot, Miss Dix, Mr Smith and wife, B J Northrup and wife, [illegible], D Whalen, [illegible], W W Wilcox, John W [illegible], wife and [illegible], Miss Grey, Miss Grey, [illegible], Mrs W E Witherell and 2 children, [illegible], Capt [illegible], [illegible] and 7 in steerage.

[illegible] Rev. Dr. Eliot took passage by the Oriflamme [illegible] for California, where he will [illegible]. His stay here quite brief [illegible], which [illegible] three years. Miss Dix [illegible] Dr. Eliot and [illegible] the passengers by the Oriflamme, also, Mr. [illegible], who are going to New York; and Mr. O. Joynt, late of the firm of [illegible] & Joynt, who is going East to [illegible]. Geo. S. Wright, with his wife, started also for the East to be absent two or [illegible]. They are going on a [illegible].

[illegible].—Just before the [illegible] of the [illegible] Rev. Dr. Eliot [illegible] with a handsome and valuable cane, from his [illegible] at the Unitarian [illegible]. It was a [illegible] piece of workmanship, the [illegible] being of Oregon [illegible], with gold-bearing [illegible] and bearing an appropriate inscription. Mr. [illegible] the presentation [illegible]. The Rev. [illegible] such an event, but he made a brief reply of thanks and a pledge to remember [illegible] good words for [illegible].

[illegible] APPROPRIATION.—Multnomah Engine Co. No. [illegible] voted $500 out of the company fund, to be used in [illegible] entertainment by our Fire Department of [illegible] who may visit us on the 4th, from abroad. There is to be some sort of an entertainment [illegible]. We are not yet, however, fully [illegible] with the [illegible], and we [illegible] that the programme has not been perfected. It is safe to say, however, that our [illegible] are going to do the [illegible] thing, and that [illegible] part of the display on the 4th will be [illegible] more huge than has ever been seen in Oregon, [illegible] line.

DEMOCRATIC CITY TICKET.—The Democratic City Convention was held at the Council Chamber last evening, and the following nominations were made:

For Mayor, J. A. Chapman.
For Recorder, A. L. Lovejoy.
Marshal, D. Jacobi.
Attorney, W. F. Trimble.
Treasurer, H. F. Bloch.
Auditor, O. F. Bell.
Surveyor, J. H. Chapman.
Street Commissioner, Wm. Tierney.
[illegible], J. F. McCoy.

THE BIGGEST CARGO YET.—The steamer Alert came [illegible] from Oregon City. Monday evening, with two hundred and thirty-five tons of flour, beside some other [illegible] and a number of passengers—the biggest steamboat load ever brought down the river. She would have [illegible] a similar load yesterday, but for the fact that the Oriflamme couldn't take it. The Senator came down [illegible] morning loaded nearly to the guards with produce.

[illegible] OF FREIGHT.—The Oriflamme went away last evening leaving something near two hundred tons of [illegible] which shippers were anxious to send off. The P. T. Co's wharf is literally full of freight awaiting shipment. A vessel of 500 tons could engage a full cargo here soon to-day. Just at present, under the stiffer tone of the market at San Francisco, shippers would like very much to get their stocks off, and the arrival of a vessel or two would please them immensely.

A [illegible].—A correspondent at Cathlamet, W. T., writes us that we were in error in giving Wahkiakum county to Moore by 6 majority. The vote stood, Garfielde, 20; Moore, 11. Garfielde's majority, 9. The latter adds: "We did as well as some of the larger [illegible], and dislike to be reported as carrying [illegible] carpet-bag." We apologize, and pronounce [illegible] upon Moore, that he shall do his own [illegible].

IN BUSINESS AGAIN.—Mr. F. S. Oathelm, who lost his entire stock of goods by the burning, last year, of the [illegible], at the corner of Front and Morrison streets, has gone into the same line of business again at the corner of Washington and Front. His old friends will find him well filled up with a good stock of tobacco, cigars, pipes and Yankee notions generally.

[illegible].—Yesterday the weather was in pleasant contrast with that of the three or four preceding days. Very fortunately for everybody, the thermometer did not stand "at 94 degrees in cool places." At our latest [illegible] from the clerk of the weather, there were threatenings of rain. No harm would come if the sweet heavens [illegible] open for a few hours.

HELD TO ANSWER.—Peter McHenry was examined before the [illegible] yesterday on the charge of shooting at M. D. Lewis, and was held to answer in the Circuit Court. Bonds fixed at $500, in default of which he was [illegible] to jail. He was also fined for carrying a concealed weapon.

[illegible] CONCERT IN PROSPECT.—We are informed that Miss Ostavia Mercier will, before long, give a farewell concert at Oro Fino Theater, preparatory to going [illegible] to complete her musical education.

ADMITTED TO CITIZENSHIP.—Augustus Siemens was yesterday admitted to citizenship upon application before U. S. [illegible] Court.

UNUSUAL ACTIVITY.—There was more than the usual activity on our streets, yesterday, owing in part to a great number of people in from the country, and in part to the hurry of leaving the steamer. It was so much like old times that many even of the prophets of evil were cheated into wearing a cheerful countenance.

COUNCILMAN NOMINATED.—The delegates from the Second Ward, to the Democratic City Convention last evening, nominated Shubrick Norris for Councilman for the Second Ward.

LAND FOR SALE.—Mr. A. B. Richardson will sell, to day, a desirable tract of land, measuring five acres, situated about two-and-a-half miles from East Portland.

E. S. Higgins is building two large hotels in New York. One is the Grand Central Hotel, which replaces the late Southern Hotel, on Broadway, opposite Bond street. It will be one of the largest houses in the United States, having a front of 125 feet on Broadway, a depth of 200 feet, and a front of 150 feet on Mercer street. The lots cost $780,000, and the alterations in the buildings will cost 250,000. The hotel will have six hundred bedrooms, and will be finished early next year. The other house is the Grand Hotel, now nearly finished, at the corner of Broadway and Thirty-first street. It is of marble, eight stories high, with a front of 105 feet on Broadway, and 125 feet on Thirty-first street. It will have two hundred bedrooms, and is intended for a family hotel. It will cost $300,000.

Spiritualists' Grove Meeting.—There will be held a three days meeting of the Spiritualists at Eli Cooley's Grove, "Travelers' Home," near Belpassi, on the road from Salem to Oregon City, commencing on Friday, June 18, 1869. All Mediums, Trance Speakers, Lecturers, Spiritualists and the public are invited to attend.
MANY SPIRITUALISTS.

THE CONTEST.—Yesterday a well contested trial came off between the two latest improvements of labor saving washing process, Kane's Condensed Soap and the Automatic Clothes Boiler. It was adjudged that the Condensed Soap did its work quicker, better and with less labor than clothes washed by the Boiler. By the Condensed Soap process no rubbing on a wash-board or on the hands is necessary to take dirt from clothes, as was satisfactorily demonstrated yesterday and the day before. Mr. Kane has a good Soap, and while we hope that he may realize handsomely upon it, we can truly say that his patrons will get the worth of their money.—*Ap. Adv U[illegible], June 12, 1869.*

We have at our [illegible] on hand an article of Old O. K. Cutter Whisky, to which we call the attention of connoisseurs "and defy competition." One call at the International Saloon will be enough to satisfy the most fastidious.
JOHN S. SIRBY & CO.

THE DAY fixed to commence work on the East Side Railroad is July 1st. By that time the Company will have sufficient Railroad Iron on the way or in Portland to complete twenty miles of road. Workmen without employment should be patient for the Company will give employment to a thousand men, at good wages, and of course KOHN & BISHAL will continue to sell the very best clothing in that time at remarkably low figures.

"LIFE SAVINGS AND LOAN BANK."—The people of the city patronize the Oregon DISPENSARY in order to save money and procure a loan of longer life by using our FRESH, PURE and RELIABLE [illegible], which are daily dispensed and prescribed by the MOST RESPECTABLE and TALENTED PHYSICIANS in this city. Everybody takes a pull in patronizing our Store and [illegible] obtain DIVIDENDS by purchasing not only their medicines but also their toilet articles and other items, too numerous to mention. People say it is a pleasure to get sick and be cured at the Oregon Dispensary.

ALL PREMIUMS RECEIVED INVESTED IN THE STATE.

THE ADVANTAGES OFFERED ARE:

It has a Paid-up Capital of $1,000,000.
It offers Low Rates of Premium.
It furnishes Larger Insurance than other Companies for the same money.
It is Definite and Certain in its Terms.
[illegible]
Policies may be taken that will Pay to the Insured, after [illegible] number of years, During Life, an Annual Income of, One-Tenth the amount named in the Policy.
No Extra Rate is charged for Risks upon the Lives of Females.
It Insures, Not to Pay Dividends, but at so low a cost that dividends will be impossible.

Its Policies are Negotiable.

By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its Policies at their value which, when accompanied by the Policy duly assigned or transferred, are negotiable, and may be used as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E. Sandford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive, and men insure their lives for security, and not for dividends. The best and most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most upright and judicious management."

"By the Stock plan, the full cash effect of the Premium is immediately secured to the Insured, the Company taking ALL the risk. By the Mutual plan, the full value in Insurance of the Premium paid, is not secured to the Policy-holder, who takes a portion of the risk himself."

CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.
